

Orders will now be taken for school jackets. These jackets will be sold on a personal ordered basis. Each student interested in purchasing one of these jackets will be personally measured for his jacket. In order to maintain an insurance with the company making these jackets we decided that each student who wants a jacket must make a deposit of two dollars before his order is accepted and before he is measured for the jacket. The slip on the bottom of this sheet will contain all the information needed. This slip should be filled in and presented to Mr. Hegarty, S.J. before any student is measured for his jacket.
